

Built to withstand the harshest working conditions, Aqua washdown scales are rated IP67 and feature a large removable stainless steel weighing pan. Ideal for food production, catering and industrial environments, precision load technology enables improved performance and greater efficiency during weighing and counting tasks. The dual 20mm-high digit front and rear displays enhance visibility and productivity for the user. Checkweighing is simple, with separate high, ok and low coloured LED indicators that change colour to alert the operator if a sample is under, over or within preset limits. Power is supplied by AC adapter or rechargeable battery, and auto power-off conserves battery life.

**Get the Aqua wet without worry, the IP67 scale performs effortlessly and accurately no matter how rigorous the application**
